[The Land Agency](#), an Arizona-based land brokerage firm, announced today the successful closing of +/- 307 acres located at the NEC of Rainbow Road and MC-85, Buckeye, Arizona. The purchase price was \$9,725,601.90.

The property has a dairy farm and irrigated farm ground. The Lamb family operated a dairy on this site for many years. Brad Kuiper, Howard Weinstein, and Patty Lafferty of The Land Agency represented the seller, Rainbow & Monroe 480, LLC in the sale.

Kuiper, Designated Broker for The Land Agency, noted, “We are honored to be a part of this transaction. The family operated the dairy farm on this property for over 30 years. They stopped milking cows on the dairy in 2016. We continue to see a lot of interest in the Buckeye submarket.”
